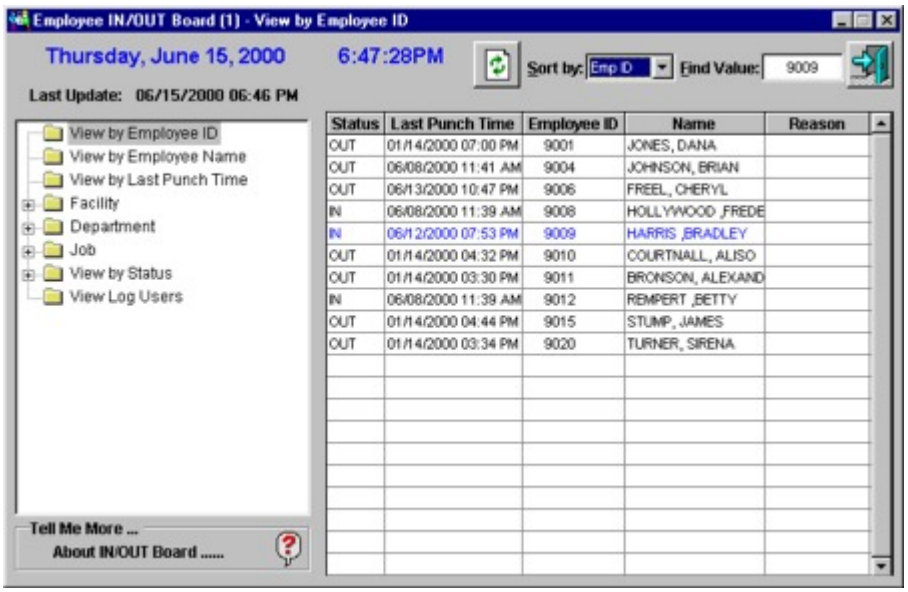
NOVAtime 2000 "In Out Board"

Take a Closer Look at What Sets Us Apart?



- **Built-In IN / OUT Board**

Without extra cost to you, would you like to know WHO'S IN? The IN / OUT Board is built into NOVAtime 2000! This is a great tool to monitor staff availability!

The IN / OUT Board is a powerful and valuable tool to instantly find out which employees are currently clocked IN or OUT, or even on vacation. It is easy to use and can be viewed in many combinations. Managers, Receptionists, and Security personnel can instantly obtain the information needed with just a few keystrokes. When used with our continuous on line polling, your staff will be able to have real time information at their fingertips.

Numerous viewing options are available for the IN / OUT Board, such as viewing by Employee ID, Employee Name, Last Punch Time, Department, Employee Status as to who has login to the system plus many more.
